

Certificate of ESD Control Conformance

This certificate is issued to declare that
Alta Data Technologies

has been independently inspected by Skolnik Technical and confirmed as being in conformity with the Electrostatic Discharge Control (ESDC) requirements of ANSI/ESD S20.20 standard, as well as with Alta Data Technologies internal ESD Control Program on the

20th day of February 2025

The validity period for this certification is 1 year from the date of the performance of the Initial Inspection, contingent upon subsequent Periodic Inspections which indicate the continuing compliance, maintenance, and effectiveness of the organization's ESD Control Program.
