

Certificate of ESD Control Conformance

This certificate is issued to declare that
Alta Data Technologies

has been independently inspected by Skolnik Technical and confirmed as being in conformity with the
Electrostatic Discharge Control (ESDC) requirements of ANSI/ESD S20.20-2014 standard, as well as with
Alta Data Technologies internal ESD Control Program on the

16th day of February, 2018

The validity period for this certification is 1 year from the date of the performance of the Initial Inspection,
contingent upon subsequent Periodic Inspections which indicate the continuing compliance, maintenance,
and effectiveness of the organization's ESD Control Program.
